

Brickyard Standalone ALIF System

The Altus Spine **Brickyard** Standalone ALIF System offers a comprehensive choice of implant materials, footprints, lordotic angles, and heights. The diverging screw fixation anchors provide excellent stability through a minimized approach. Implants are available in precision machined PEEK and titanium that incorporates proprietary surface texturing intended to promote bone growth.

One system offers...

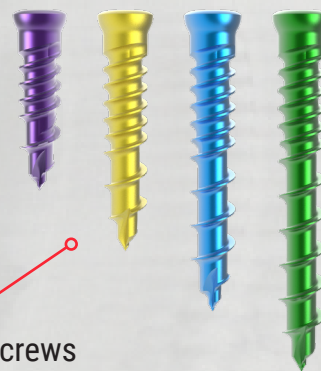

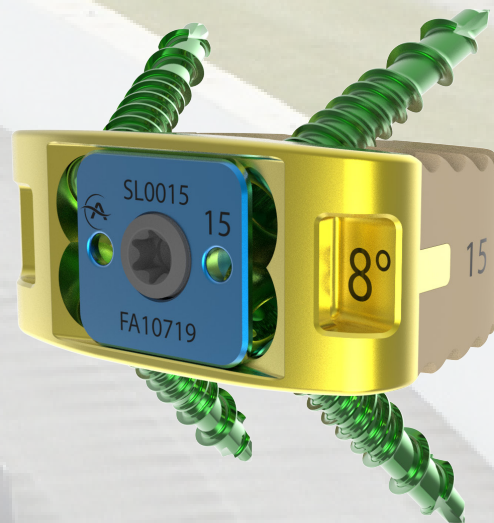

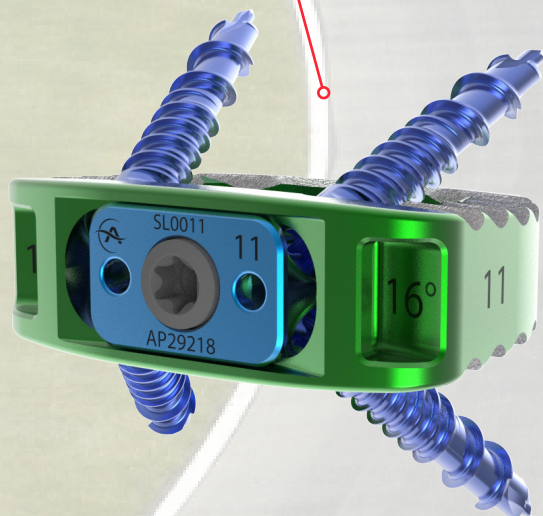

Two implant material options

Three implant footprints

Four screw fixation anchors

Five lordotic angles up to 25°

...for optimized sizing and stability

Dual thread form screws
in multiple diameters
and lengths

Refer to Product Insert (PI-011) for complete system description, warnings, and precautions.
